## INTERNATIONAL SEARCH REPORT

International application No. PCT/NO 2004/000397

A. CLASSIFICATION OF SUBJECT MATTER		·	
IPC7: A01K 67/027 // C12N 9/14 According to International Patent Classification (IPC) or to both national classification and IPC			
B. FIELDS SEARCHED			
Minimum documentation searched (classification system followed by classification symbols)			
IPC7: A01K			
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched			
SE,DK,FI,NO classes as above			
Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)			
·			
EPO-INTERNAL, WPI DATA, PAJ			
C. DOCUMENTS CONSIDERED TO BE RELEVANT			
Category* Citation of document, with indication, where	appropriate, of the relevant passages	Relevant to claim No.	
Y JI YONG ET AL, "Disruption of	a Single Copy of the	1-54	
Cardiomyocyte Function <sup>u</sup> . T	SERCA2 Gene Results in Altered Ca2+ Homeostasis and Cardiomyocyte Function", The Journal of Biological		
Chemistry December 1, 2000, Vol. 275, No. 48,			
p. 38073-38080, page 38073	p. 38073-38080, page 38073, column 2, line 8-12		
Y SOHAL S. DAWINDER ET AL, "Temp	orally Regulated	1-54	
and Tissue-Specific Gene Manipulations in the Adult			
and Embryonic Heart Using a Tamoxifen-Inducible Cre Protein <sup>u</sup> , Circulation Research July 6, 2001,			
Vol. 89, p. 20-25, page 24	, column 2, 1ines 52-58		
·

V Further documents are listed in the color of the	C	<u> </u>	
X Further documents are listed in the continuation of Box C. See patent family annex.			
* Special categories of cited documents:  "A" later document published after the international filing date or priority date and not in conflict with the application but cited to understand			
"E" earlier application or patent but published on or after the internation	the principle or theory underlying the invention artific application or patent but published on or after the international		
filing date  document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other  document which may throw doubts on priority claim(s) or which is step when the document is taken alone			
special reason (as specified) "Y" document of particular relevance: the claimed invention cannot be			
means  Combined with one or more other such documents, such combination being obvious to a person stilled in the art			
the priority date claimed "&" document member of the same patent family			
Date of the actual completion of the international search  Date of mailing of the international search report			
28 April 2005 0 4 -05- 2005			
Name and mailing address of the ISA/ Authorized officer			
Swedish Patent Office  Box 5055, S-102 42 STOCKHOLM  Patrick Andersson/FLY			
Facsimile No. + 46 8 666 02 86 Patrick Andersson/ELY  Facsimile No. + 46 8 782 25 00
